- Volume tells the intensity of the price move
 - If the volume is huge it is good !!! But..
- Bullish Candle
 - Bullish Candle + High volume + Resistance line = Cautious
 - Bullish Candle + High Volume + Support Line = Good (the trend is likely to go up)

- Bearish candle
 - Bearish Candle + High Volume + Resistance Line = Good (the trend is likely to go
 - Bearish Candle + High Volume + Support Line = Cautious (shows sign of panic)
 - Be cautious for bears
 - Don't buy until the Price says, follow below steps
 - Check If there are neutrals at bottom
 - Is there any confirmation
- Be Cautious .. Why???

- Is there any follow-up???
